

How to Log On

Reminder: A new user must create a user ID and provide a unique student portal ID for each student to gain access to students' records. District or campus administrators distribute the student portal IDs.

1. From the Login page, in the **User Name** field, the parent types his user ID. The user ID is not case-sensitive.
2. In the **Password** field, the parent types his password. The typed text is hidden. The password is case-sensitive.
3. Click **Log In**. The student's Summary page is displayed.
 - If the parent has more than one student in his account, the Summary page for the first student in his alphabetical list is displayed.
 - If the parent entered an invalid user ID and/or password, an error message will prompt him to reenter the data.

Warning: If the parent has three unsuccessful attempts logging on (invalid user ID/password combinations), the system will lock out his account for 10minutes. He should try logging on again after 10minutes.
